Order to Interdict Li Hung Chang
Must Be Countermanded.

INSTRUCTIONS SENT ACCORDINGLY

Steps Will Be Taken to Facilitate
Negotiations for Peace—Consuls
Ordered Back to Their Posts—Conger Cables.

Washington, Aug. 30.—The course of the United States in the pending Chinese negotiations is made more clear by an important note, embodying a communication from Russia and advising the powers of the action taken by this government. The Russian note declared that the interdiction by the admirals of the allied fleets of Li Hung Chang's communication with the Chinese government was inexplicable and asked that the powers direct their commanders to vacate the order.

The United States concurs with the position of Russia and informs the powers that instructions have been sent to our representative in China in the spirit of the Russian note.

The state department has dispatched instructions to the United States diplomatic representatives abroad in conformity with the decision reached by the cabinet upon the Russian proposal to withdraw the troops in Peking in order to allow the empress dowager and Emperor Kwang Tsu to return to the capital and institute negotiations for a settlement with the powers. All of these steps are matters of common agreement, so it was not possible for two of the nations concerned, Russia and the United States to make agreements between themselves at this stage, at last as it is necessary to advise each of the governments represented in China of the various propositions as they are broached.

The instruction sent to our representatives recalls to their minds the conditions which the United States government already has laid down as the proper basis for the institution of negotiations for an amicable settlement. Some of these conditions have been met; the international column is in Peking and the foreigners in that capital are safe for the time being. The remainder of the conditions, namely, those looking to the future protection of American interests are yet to be completed with. If arrangements can be made for their acceptance under proper guarantee for the performance, our government will withdraw its troops from Peking in order to facilitate the negotiation for peace and this assurance has been given to the Russian government along with the others. The Chinese government must guarantee its ability to prevent the spread of disorder to the other provinces, and a recurrence of such disorders as have occurred.

It is not quite clear how the Chinese government can guarantee these conditions, but it is possible that it has some private means of knowing that the empress dowager stands ready to return to Peking upon the withdrawal of the foreign troops from that capital.

If so, the Chinese government also must be able to extort from the empress dowager or whatever remains of the Chinese government some sort of undertaking which can be accepted by the United States as sufficient to show that the Chinese government will enter upon negotiations upon the described basis as soon as it returns to Peking.

By the dispatch of this note our government has for the time being placed the responsibility for the next step upon the Chinese government.

The state department sent specific instructions to Consul Wilcox to return to Hankow and resume his duties there and to Consul Martin to return to Chin Kiang. These officers were allowed to leave their posts during the first flurry of excitement, but it is now believed that they may resume their duties without danger.

The state department makes public the following cablegram from Minister Conger: "More Russian, German, French and Italian troops arriving. Imperial palace will be entered Aug. 28. Promenade of all nations made through it—afterward closed and guarded. Prince Ching is expected in a few days."

Mr. Conger's cable is of special interest because of his reference to coming to Peking of Prince Ching. In a recent dispatch Minister Conger stated that several members of the Tsung Li Yamen were in Peking and would soon appear publicly. These facts indicate that there is gathering at Peking, a respectable fragment of the Chinese government which may afford the basis sought by our govern-

ment and that of Russia for peace negotiations. Prince Ching is well known to be friendly to the foreigners and his coming to Peking, probably by direction of the empress dowager, indicates that the imperial government is willing to sue for terms with the real purpose of submission. It is impossible to tell from Mr. Conger's dispatch when it was sent from Peking, but his statement that the imperial palace was to be entered last Tuesday, places its date very early in the week at least.

WITHOUT OPPOSITION

All Officers of the G. A. R. For the Ensuing Year Were Chosen.

RASSIEUR IS COMMANDER-IN-CHIEF.

Congress to Be Urged to Create Court Of Appeals—No Change Made in Memorial Day—Routine Business Transacted.

Chicago, Aug. 30.—Judge Leo Rassieur of St. Louis was elected by acclamation commander-in-chief of the Grand Army of the Republic for the ensuing year. There was no opposition and the election went through with a hurrah.

D. C. Milliken of Maine was chosen senior vice commander and Frank Seaman of Tennessee, junior vice commander; John A. Wilkins, Delta, O., surgeon general; the Rev. A. Drahms, San Quentin, Cal., chaplain in chief. There was no opposition to any of the candidates.

The convention met at 9 a. m. and after some trifling matters of routine nature had been disposed of, the selection of a commander-in-chief was taken up.

It was known to all what the result would be, as there was no opposition to Judge Rassieur, and when Major William Warner of Kansas City, himself a past commander-in-chief, mounted the platform to present the name of Judge Rassieur, he was greeted with prolonged applause. Past Commander Torrence of Pennsylvania made a short seconding speech in behalf of Judge Rassieur, and Adjutant General Stewart then asked if there were any more nominations to be made. A motion was made that Judge Rassieur be declared elected by acclamation and it was carried with a roar of approval. The newly elected commander-in-chief was escorted to the platform.

Judge Leo Rassieur was born in Baden, Alsace, Germany, in 1844. His people came to this country in 1849, settling in St. Louis. At the breaking out of the civil war, Leo Rassieur, who was 17, enlisted as a private in the Thirtieth Missouri. At the end of the war he held a major's brevet. He is a member of Frank P. Blair post, G. A. R. He was four years judge of the probate court of St. Louis.

The election of the junior officers of the organization was quickly over, but one name being presented for each position, and the candidate in every instance was elected by acclamation. Following the election delegations from the various affiliated societies were received and a miniature love feast followed.

Miss Clara Barton was given a most enthusiastic reception when she appeared on the stage and made a brief address.

The pension report was adopted without discussion, it being understood that a determined effort will be made to induce congress to pass the bill creating a court of appeals to have final jurisdiction in matters relating to pensions.

The recommendation of Retiring Commander-in-Chief Shaw that Memorial Day be changed from May 30 to the last Sunday in May was reported upon adversely by the committee to which it was referred, and the report was approved.

The question of finances was taken up and disposed of by the adoption of a motion to strike out the part providing for an increase of the per capita tax and making no change in the present system.

The report of the committee on military instruction was adopted, recommending the sending of national flags to posts in Hawaii and the Philippines for the purpose of saluting and parades, and to increase familiarity with and respect for the flag.

It was announced that the organization was \$30,000 in debt and the amount was promptly raised upon the floor of the hall. The convention then took a recess until 2:30.

Mary L. Carr of Colorado was elected national president of the Women's Relief Corps. The other candidates withdrew and the election was made by acclamation. She immediately appointed Mrs. Fannie D. Whardin of Denver national secretary.

New York, Aug. 30.—Albert H. Wiggin, vice president of the National Park bank says it is true that the bank had been approached by representatives of the Swedish government with inquiries as to the chance of placing a \$10,000,000 loan in this country. Mr. Wiggin said he was not prepared to say yet whether the proposition has been favorably received.

JAPANESE TRICK.

Situation at Amoy Created For Purposes of Aggression.

New York, Aug. 30.—A dispatch received from Hongkong says the disturbed situation in Amoy has been created by Japanese for purpose of aggression. For years Japan has covetously regarded Amoy and her opportunity occurred through the burning of the house of a Japanese priest in the city.

The Chinese maintain that the priest saturated his house with kerosene and charged them with arson. A Japanese cruiser smartly landed men, who are now polling Kulang Hien and Amoy.

There had been no riot and no trouble, but the Japanese claim that a large number of Japanese subjects require protection. These subjects are of the Chinese criminal classes, who escape from justice and are registered in Formosa as Japanese subjects for a small fee.

Japs Withdraw From Amoy.

Washington, Aug. 30.—The Japanese legation is informed by the Japanese consul at Amoy that he has been assured by the Chinese authorities of their residences to afford full protection to the foreign residents and their property at that port. The Japanese government has accordingly ordered the withdrawal of the marines detailed to protect the Japanese property in the native town and will withdraw the rest of the marines as soon as they are satisfied that the peace and order of the port are assured.

Casualties Reported.

Washington, Aug. 30.—The war department received the following casualty list from General Chaffee, dated Tien Tsin, Aug. 27: Adjutant General, Washington.—The following casualties occurred Aug. 21: Private Tillet M. Armstrong, Co. M, Fourteenth Infantry, died from effects of shrapnel wound; William H. Waldron, second lieutenant Ninth Infantry, wounded in head, slight.

Wu Visits His Wife.

Washington, Aug. 30.—Wu Ting Fang, the Chinese minister to this country left at 10 a. m. for Cape May, where his wife and son have been for some weeks. It is not known how long he will be absent from Washington.

CIVIL GOVERNMENT.

For Filipinos Who Will Be Good, Insurgents Will Be Crushed.

Washington, Aug. 30.—All arrangements have been practically perfected by the Taft commission for commencing its duties in connection with the establishment of civil government in the Philippines. Sept. 1 the commission will assume all the functions which properly belong to the legislative branch of the government. It is not proposed that it shall be in supreme control. Major General MacArthur will be the executive of the islands and the commission will be coordinate with him.

Civil government will not be established except in those towns where the military authorities are satisfied there is no danger of insurrection. The commission and the military will work together to propitiate the natives and induce them to return to peaceful avocations. For the suppression of those insurgents who continue in arms, it is understood measures will be taken as soon as the dry season begins. General MacArthur will soon have a force of nearly 70,000 effective men who will be used to destroy the insurgent organizations when operations can begin.

Resume Operations.

Pottstown, Pa., Aug. 30.—The Hope mill, the Glasgow mill and eight new furnaces in the nail works puddle mill, conducted by the Glasgow Iron company, will resume operations Monday after a long idleness. The resumption will give employment to 360 puddlers and helpers. Potts Brothers' rolling mill, which has been idle for three months will also resume next week employing 300 iron workers.

Three Skeletons Found.

Lacrosse, Wis., Aug. 30.—In the cellar of a house 40 years old at Bellota center, a small town in the Kickapoo valley, three skeletons were found. They cannot be accounted for and the prevailing opinion is that the skeletons are those of three persons who were buried a long time ago. Old residents have slight remembrance of the affair.

British Steamer Grounded.

Port Townsend, Wash., Aug. 30.—The steamer Topeka arrived from the north with 150 passengers and \$100,000 in gold dust. Officers of the Topeka report the British steamer Cutch ashore on Horseshoe reef in Stephens Passage, 25 miles from Juneau. At low tide the Cutch is high and dry and is badly damaged.

HURLED TO ETERNITY.

Prominent Pennsylvanian Killed by Falling From a Train.

MANGLED BODY FOUND BY HUNTERS.

Commissioner of Banking for Keystone State—One of the Delegates Who Held Out For Third Term for Grant

Philadelphia, Aug. 30.—Thomas J. Powers, 65, commissioner of banking for Pennsylvania was killed by falling from a train in the outskirts of this city. His mangled body was found under the Pennsylvania railroad bridge spanning the Delaware river at the northern end of this city by three men gunning in the marshes.

Mr. Powers had been spending the summer at Atlantic City with his family. It is presumed that he fell from the train at 10:30 p. m. Mr. Powers was a man of heroic build, measuring considerably over six feet in height and weighing about 275 pounds. His friends express the theory that he had gone to the platform to escape the heat in the car and was jolted off while the train was on a curve.

Mr. Powers was a conspicuous figure at Republican national conventions and was one of the 306 delegates who held out for a third term for President Grant. One of his sons, Lieutenant Thomas J. Powers, Jr., is in the regular army at Manila.

When an examination was made of Colonel Powers' body and clothing, it was found that two rings he had worn and a number of railroad passes were missing. Only \$8 was in his pockets. It is strongly suspected the body was robbed.

TRAIN ROBBERS.

Union Pacific Passenger Train Held Up in Wyoming.

Cheyenne, Wyo., Aug. 30.—The Union Pacific passenger train second section No. 3 was held up by bandits 2½ mi's west of Tipton station, 58 miles west of Rawlins. There were four men in the hold-up. The express and baggage car were blown open and the safe blown to pieces. The railroad company says the loss was nominal. The baggage and express cars were considerably damaged.

United States Marshal Hadsell, who was notified at Rawlins, raised a posse of 25 men, with horses and went on a special train to the scene of the hold-up and are now on the trail of the bandits. No one was injured on the train. The Union Pacific offers \$1,000 reward for each man.

Robbers Captured.

Denver, Aug. 30.—An unconfirmed report reached Denver that the Wyoming train robbers were captured by United States Marshal Hadsell and posse 10 miles from the scene of the robbery. It is said one deputy and one robber were wounded.

The nail trust permanently closed the American red and nail mills at Anderson, Ind., this week, throwing 980 men out of work. Still Boss Hanna insists that trusts are good things.

John L. Powers, Goebel suspect, accompanied by Berry Howard and a bodyguard of ten men, is at the Powers' home on Brush creek, Knox County. The County Judge and County Clerk went to Powers' home one night this week and accepted his bond as School Superintendent. Powers says he may remain in Knox County a week or more and may visit some of the schools. Of course it will be highly edifying for the school children to have this fugitive from justice, with an armed body guard, visit them!

Never Was a Democrat.

[Courier-Journal.]

Win Stratton, the Colorado gold king and multi-millionaire, who was reared in Jeffersonville, where for years he followed the occupation of a carpenter, is being paraded by the Republicans as a convert from Democracy. Mr. Stratton was never known to his Jeffersonville friends as anything but a Republican. His father, Myron D. Stratton, was a Councilman in Jeffersonville for seventeen years and again six. He was always a Republican. Win Stratton's nephews, Earl Hamlen, of Jeffersonville, and Harry Hamlen, of Akron, O., are Republicans.

SHORT MEMORIES

Have Republicans, Who Forget That Taylor Refused to Meet Goebel in Joint Debate.

[Georgetown Times.]

Some of the Republican papers are making merry over the fact that Gov. Beckham will not meet Mr. Yerkes in joint discussion. Do they forget that the late Senator Goebel used his best efforts to induce William Sylvester Taylor to meet him in debate during the last Gubernatorial campaign, and that the latter as steadfastly refused. Again, a joint discussion was arranged between Gen. Wat Hardin and ex-Governor Bradley, and several meetings were had between them, when Bradley got mad and flew the track, and he could not be persuaded to again meet Hardin on the stump.

A UNIQUE CHARACTER

is Ward Wellman, of Lewis County—Has Not Spoken to a Human for Forty Years.

[Times-Star Special]

VANCEBURG, KY., August 25.—One of the most unique characters in Kentucky is Ward Wellman, who now lives with relatives at Martin. Although when a young man he had a splendid voice for singing, he has not sung a note or spoken a word to a human being for nearly forty years. At times when he thought himself alone, however, he has been caught talking to his cows. He is now over sixty years of age, and has never married. In his youth he was a schoolteacher, being well educated. He was disappointed in love and has never been fully rational since. He goes on the principle that he will have to account for every idle word, so he utters none. For years he kept a store at Burtonville and did his talking to his customers with a slate and pencil. He lived alone in a two-story house, and when he left the building he always locked the doors on the inside and departed with the aid of a ladder from the second-story window, carrying the ladder with him wherever he went. He would make his own clothing out of goods taken from his own store, and last summer surprised the natives by appearing in a pair of pantaloons made of gaudy calico.

Making a Thorough Canvass.

[Carlisle Mercury.]

Hon. J. N. Kehoe, Democratic candidate for Congress, was here Saturday consulting friends in regard to the coming campaign. Mr. Kehoe is making a most thorough preliminary canvass of the district, looking particularly toward a thorough organization of the party.

THE CLOSING DAY

Proved the Most Interesting of the Week at the Institute.

School Discipline and Arithmetic Discussed. Resolutions Suggest a Joint Institute for Several Counties at Blue Licks or Ruggles.

Thursay proved to be the most interesting day of the institute. The session was relieved of much of its monotony by new features introduced by Prof. Rhoton. For the last year he has been studying in Washington, D. C., and seems not only to have studied text books, but to have been thoroughly alive to everything about him. During the morning session, before recess, he gave a description of Washington and its surroundings. Many of the teachers have visited the national capital for a few days at a time and these were much interested as they wanted to hear more of the "City of Magnificent Distances." They were not disappointed, for Prof. Rhoton gave us the advantage of his year's residence. Altogether we derived much benefit and profit from his lecture.

The subject of "School Discipline" was discussed at considerable length, especially punishments. It is the disposition of all our teachers to inflict as little corporal punishment as possible and never when angry. This disposition seems to be growing from year to year.

After noon much time was spent in attempting to determine how the large number of classes in a country school are to be compressed within the short length of time allowed for a day. Trustees and patrons should assist and not discourage the teachers if they find in their schools innovations along this line.

"Arithmetic" was discussed for a short time after recess. Prof. Rhoton gave the example, "What will ten yards of cloth cost at \$1.00 per yard?" This provoked many arguments and the trouble was not to get speakers to express themselves, but to keep too many from speaking at once.

Prof. Rhoton made a short address setting forth the pleasure he had experienced in being with us. Then came the good-byes, and the pleasant and beneficial week's work was ended.

The teachers, as a body, feel that they have been much benefited by coming in contact with each other, and especially in learning from Prof. Rhoton what he has learned by actual experience in the class room. We will always have a warm place in our hearts for him.

Before adjournment the following resolutions were presented and adopted:

We, the Committee on Resolutions of the Mason County Institute, assembled at Maysville Aug. 27, 1900, beg leave to submit the following:

Resolved, 1. That we extend a vote of thanks to the Board of Education for the use of the High School Building during the session of the institute.

2. That we kindly remember Miss Blatterman for the excellent music she has furnished during the session.

3. That an especial vote of thanks be given our kind Superintendent, Mr. Blatterman, for the courteous manner in which he has conducted this institute, and that we will ever remember him as the teachers' friend.

4. That we desire to express our appreciation of the earnest work of our worthy Instructor, Prof. A. L. Rhoton, during the institute, also to make special mention of the pleasure and information derived from his lecture on the City of Washington. In leaving this body of teachers Prof. Rhoton carries with him their best wishes and earnest desire that success may attend his every efforts in his chosen work.

5. That on account of the extreme heat in the city during the latter part of August, the date of our institute, we recommend that our Superintendent appoint a committee of five teachers to confer with committees from Flemingsburg, Nicholas and Robertson counties in regard to a joint session of the institute to be held at Lower Blue Lick Springs or Ruggles camp ground. But if it is not thought advisable to hold the institute out of the city of Maysville we recommend that it be held at a later date.

6. That a copy of these resolutions be printed in the city papers.

7. That a copy of the fifth resolution be furnished each Superintendent of the counties named therein.

THE MEDICAL SOCIETY.

Highly Interesting Essays Read at Wednesday's Session of the Physicians.

A Red Letter Day for the Association.

Wednesday was a "red letter day" for the County Medical Society. 'Twas the first meeting under the new departure—the plan of holding sessions at physician's offices instead of at stated base, as heretofore. This was adopted with a view to closer friendship—of injecting a more social feature and thereby increasing interest in the occasions.

Dr. J. A. Reed was the host, and from that, and every standpoint the meeting was a conspicuous success. Much of the best material of the city and county was present, and more vitality and assuring earnestness were manifested than ever before. The essays embraced absorbing topics of every-day interest to the live practitioner.

Dr. Smith's paper on "Post Partum Haemorrhage" was inspiring to many; his stated facts commanded attention and his request for free discussion was met by a generous contribution of personal experiences in this sanguinary field. The paper was timely and effective.

Following came Dr. Pickett's essay on "The Surgery of Placenta Praevia, with Notes of Two Cases; An Effective Method of Meeting a Formidable Complication." By a happy coincidence this was in direct line with the preceding paper, and the society was in both receptive and reflective mood. There was no word amiss in Dr. Pickett's admirable suggestions as to procedure in an appalling condition—a condition which most times blanches the cheek of patient and practitioner alike. As a whole, the essay was worthy the author, clearly enunciating a safe governing principle and detailing a practice nothing short of ideal. We doubt whether a word of real value could have been added.

Dr. Ellis introduced a case of "Traumatic Iridectomy"—the removal of a portion of the iris through a wound to the part by means of a broken lens in an eyeglass. Less promising operations have been done by professed experts, and the prospect for fair vision is flattering.

Drs. Hunter and Reed were appointed essayists for the next meeting at Dr. A. G. Browning's office, Wednesday, September 26th.

QUARTERLY meeting at Mitchell Chapel at 7:30 this evening. Preaching by Dr. W. F. Vaughn, Presiding Elder. Sacrament of the Lord's Supper at the close of the sermon. The public invited.

The Home Medicine Co.—Dear Sirs: Last winter I was taken sick with LaGrippe and it lasted me several weeks and left me with asthma. I did not see a well day. Three months ago I heard of Bond's Specific and what it had done. I got a bottle of it, took it for about two days and I could lie down and sleep, which I had not done for months. Yours respectfully,
